

## PEAT RESOURCES LEADER

Sun Gro Horticulture is the leader in sustainable peat resources. We endorse and support the Canadian Sphagnum Peat Moss Association's definition of sustainable peatland management as the 'balanced' stewardship of the environmental, social and economic values of Canada's renewable peatland resource.

TRUCKLOADS ANNUALLY

## PROFESSIONAL LEADERSHIP

Developed by professional horticulturists and produced under the industry's highest quality standards, we offer over 100 professional products under the **Sunshine®**, **Metro-Mix®** and **Technigro®** brands. These professional growing mixes and fertilizers consist of:

- Peat and bark-based growing mixes formulated to exacting standards
- Pure Canadian sphagnum peat moss screened to various grades (fine to coarse)
- OMRI Listed® organic mixes for organic growers, coir and all-natural compost additives: perlite and pumice aggregates
- Water-soluble fertilizers for every water quality situation
- Controlled-release fertilizers for indoor and outdoor crops

In addition, we offer extensive testing and analytical services for water, media and tissue analysis as well as professional horticultural advice and resources for growers.

## RETAIL LEADERSHIP

**Sun Gro** offers several IGC-oriented brands, which are held to the high industry standards of its professional lines. These include well known industry names like **Black Gold®**, **Fafard®**, **Sunshine®** and **Sunshine® Mix #4**.

Each brand has a distinct set of characteristics that sets it apart from the rest; among them you will find a wide array of potting mixes, specialty mixes and garden amendments.

Many are OMRI Listed® products approved for organic gardening, and **Sun Gro's** Canadian production facilities are Veriflora Certified for sustainability, and as a founding member of the Canadian sphagnum Peat Moss Association, **Sun Gro** practices peatland management.
